The Library is open every Wednesday from 1-4 p.m.

This year 86 new books were purchased.

The Bookmobile stops at the Library periodically, so that new books are available at all times. Special books may also be requested by the Library from the State Library.

Katherine Pearl
Librarian

Special Note:

As a result of the efforts of the Librarian, the Trustees and Friends, late last Summer a discarded book sale was held at the Community Hall. The net profit from this sale was \$130.78 which went into the purchase of new books. The townspeople, and many out-of-towners showed much interest and turned out to help make the sale a success.

We now have a State-wide Library Card system which enables patrons to use this same card to borrow books from other participating libraries throughout the State. Please ask your Librarian about it.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture. To bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 a.m. and after 5:00 p.m. with the following exceptions:

Commercial or Industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children. This action will help to prevent fires and may save a life, the life of your child. Take time to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material, whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State	484 fires	244 acres
District	33 fires	32 acres
